

YASMEEN N. GRANDISON

VISUAL STORYTELLER

ABOUT ME

Raised in Detroit, Michigan, I have always loved a great story. I love creating made-up worlds where I can tell the most compelling stories. Storytelling is how I share a personal statement to the world.

As a recent graduate of Elon University with a M.A. in Interactive Media program, I have 6 years of film and television experience that has equipped me to tell any story. I would love continue my dream of visually storytelling by working with you.
